WHAT NEW EMPLOYEES NEED TO KNOW ABOUT AGLEARN

AGLEARN YOUR ONE STOP SHOP FOR LEARN- ING AND CAREER DEVELOPMENT

aglearn+
adding to your knowledge

What is AgLearn?

It is USDA's enterprise-wide Learning Management System (LMS):

- For all USDA employees
- Search for available training
- Take on-line training
- Assign, Register, Record training
- Identify Competencies
- Exams, Surveys, Assessments
- Record training
- House on-line training
- Run reports
- Develop IDP's
- Available 24 hrs, 7 days a week

Why use AgLearn?

Aglearn is the official USDA system of record for training and will contain the training history available for all REE employees.

To Access AgLearn you must first have an **e-Authentication** account.

What is e-Authentication?

e-Authentication is an electronic authentication process to verify identity for the purpose of accessing information systems and applications. To access USDA systems REE employees must obtain a standard username and password from eAuthentication.

1. To be e-Authenticated go to:

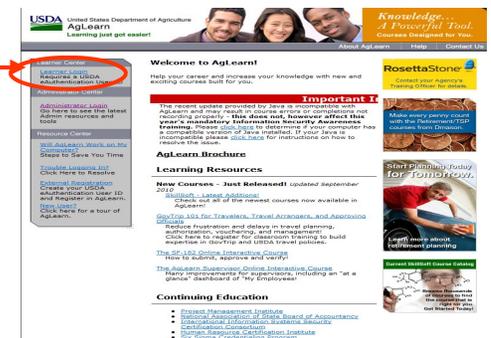

<http://www.eauth.gov.usda.gov/eauthCreateAccount.html>

2. Under Quick Links, click on **CREATE AN ACCOUNT.**
3. Click on **USDA Employee Create an Account**
4. Follow the remaining steps.

Using AgLearn

1. Go to: <http://www.aglearn.usda.gov>

2. Click on the **Learner Login.**
3. Click **I Agree** on the warning page.
4. Login using your e-Authentication user ID and password.

Now that you have logged into AgLearn, you may browse the catalog for available courses, update your personal profile, take mandatory training and so much more.

Mandatory Training:

- Security Awareness Training
- Privacy Basics Training
- Civil Rights Training
- Ethics Training
