Any document (Authorization and Vouchers) created prior to 11/12/10 that is SIGNED or APPROVED after 11/12/10 fee increase will have the TAV fee automatically updated to \$15.00. The exception is a supplemental or rejected voucher. The TAV fee of \$13.50 would have already been applied to these documents. When the voucher is approved a “ghost authorization” will automatically send over an obligation for the TAV increase amount. Other fee increases will be applied to the documents when the ticket is reserved and will be at the appropriate fee amount on the date of the reservation.
